

ABOUT REDAN PRODUCT AND ESTATE ENDORSEMENT SCHEME

The Product and Estate Endorsement Scheme is an initiative of the association targeted at enhancing the quality of estates, building materials and products in Nigeria. The scheme is designed to instill confidence in the buyers of such products, value to purchasers, encourage stakeholders involved in the value chain to uphold standards, and give credence to the public to patronize such endorsed products.

REDAN Endorsement is hinged on both products and processes for which the Association will certify. The delivery processes by Developers including proper documentation, integrity between Developers and Buyers, management of relationships and interests of parties are expected to comply with acceptable best practices. Similarly, building materials products are expected to have met the required quality standards.

The Association has designed a template to work with and is collaborating with some regulatory institutions and relevant built industry professional bodies, to ensure that products and estates meet both national and international standards. This will eliminate grey areas and reduce the incidences of quackery and building collapse. REDAN will also ensure that the endorsed estates have complied with extant laws and codes and that qualified supervisors, licenced professionals and certified skilled artisans are engaged on the projects.

The first set of estates endorsed by REDAN was launched by the Honorable Ministry of Works and Housing in February 2020 during the opening ceremony of EXPO 2020 as shown below.

S/N	DEVELOERS	ENDORSED ESTATES
1	Jedo Investment Company Ltd	Jedo Mega City Ushafa, Abuja FCT
2	Jedo Investment Company Ltd	Jedo Mass Housing Estate, Lugbe Extension, Airport, Abuja FCT
3	Multidev Global Investment Ltd	Adonai Gardens, Ede Oballa, Nsukka, Enugu State
4	Super Structure Ltd	Leisure Court Estate, Sabon Lugbe , Abuja FCT
5	Hydraform Engineering Nig Ltd	Hydraform Estate Kuje, Abuja FCT
